

For your hard floor-cleaning machine, the choice of the correct brush/pad is essential if the job is to be done properly. The right brush/pad will also help to get the job done faster, and the cost savings accrued from these productivity gains can be substantial.

Take a look at our brush and pad guide and choose the right tool for the job. Our range includes pads for stripping, scrubbing, spray cleaning, polishing, crystallisation and burnishing - and brushes for every need.

Note: The wrong choice can easily damage the floor, so take no chances. Seek advice from your local Nilfisk-Advance organization.
